TERMS & CONDITIONS

Price promise

C2D-Concept2Designs will keep the price promise given in this proposal till the period of 60 days. The prices may vary if booked after this period. The price quotation given here is only for this project and subject to change with any modification with respect to actual measurement, brand, and model of hardware selected, finishes selected, and design selection as per the client's requirement.

• **Payment Terms**

- 10% - Booking amount
- 50% - To start 2D drawings and production phase.
- 30% - 2 days prior material dispatch to the site, 10% PDC to be issued on the date of material dispatch.
- 10% PDC will be realised from bank ,before Handover of the Project. Upon 100% realisation of payment , project shall be handedover.

2. Financial services

C2D-Concept2Designs is proud to associate with third party service providers for extended financial services to their clients and will only provide the availability of financial loans and services. The final approval, services, processing, structure, duration, terms, and conditions of the loan are at the sole discretion of the loan provider/ financial institution/ service provider. C2D-Concept2Designs do not take responsibility for loan approval, processing, or their terms.

3. Payment Delay

Any delay in the payment by over 7 days at any phase of the project will add simultaneous days to the timeline initially decided for the delivery.

The Delay of payment at the time when the goods are ready to dispatch from the factory may result in the following delays.

- The dispatch date will be recalculated after the release of the payment, and this calculation depends on the next available schedule of the dispatch. (The delay in dispatch is not equivalent to the number of days the payment was delayed and this may be more based on the next dispatch available from the production warehouse.) As dispatch date changes, new execution timelines are applied, customers are requested to take new handover timelines and plan their move-in dates accordingly.
- If the delay in the payment exceeds the limit of 7 days, then the rent of the load holding shall be applicable which is 1500/- per day. It will be added to the final payment

Other terms and conditions

The client is liable to pay full at the revision immediately in case there is a revision in the estimated project cost and as per the previously agreed signed design documents.

The client is solely responsible for any damage that happens to the products during the load holding phase if:

- The client didn't take the handover of the products within the month from the date C2D-CONCEPT2DESIGNS to notify about the product readiness to dispatch.
- The client was unable to pay the next payment slot.
- The client fails to pay the load holding charges in full.

All payments made by the client at any stage are non-refundable at any stage whatsoever.

All the bank charges, transfer fees, processing fees, payment gateway transfer fees will be borne by the client only as and when applicable.

The electrician work only includes the minor alteration, labor, and material to the existing wiring. If the client demands any alteration in electrical points, then it should be intimated before the woodwork fitting. Electrification work will be calculated according to the work and services and will be paid full along with installation initiation phase.

C2D-Concept2Designs assure that orders will be delivered on or within the finalized date as per availability. C2D-Concept2Designs does not take liability for any delay in project execution due to things that are not under our control such as vendors, unusual circumstances, pandemics, bandhs, or reasons that are beyond our control. Change in orders, delay from the builder, site readiness conditions, or unexpected circumstances may also contribute to a delay in execution and our project head will keep you notified about the happenings and deliverables.

4. Site Ready conditions, terms

The site should be ready and completed with flooring, plumbing, electrical, plastering of all the walls to take the final measurements and for final design sign-off.

C2D-Concept2Designs only make an exception if, and only the client has contacted, and contracted C2D-Concept2Designs to conform to the builder layout, and then make revisions in the builder layout ahead of their possession date. This can be executed in one of the following ways.

- Contact builder or its vendors to execute revised civil, plumbing, and electrical details. In this case scenario the C2D-Concept2Designs will work in the following manner:
- The site survey & measurement team of C2D-Concept2Designs will not take site measurements and if the client insists to take measurements, the client has to pay the processing charges.
- Contract C2D-Concept2Designs to take the charge of revision in civil, plumbing, and electrical drawing and discussion about the furniture are paused at this stage. The furniture design is only finalized to layout, and elevation at this stage, and an invoice is generated as the additional scope of work.
- Revised civil, plumbing, and electrical drawings are made, approved, and issued as per the payment terms, and conditions.
- The design services are on pause at this stage till the project comes close to handover stage from the builder as per the pausing of design services mentioned below.
- If by any chance the above-mentioned aspects are not fulfilled, then the production phase will not start. The responsibility is on the client to ensure that the site is ready as per the C2D-Concept2Designs standards. The client should ensure that there is no delay from a builder or any third-party vendor.

• **Design Services**

Complimentary Design timelines: Design services provided by C2D-Concept2Designs are free of cost that includes 2D (sketch drawings) till the period of

- 2bhk - 15 working days,
- 3bhk - 20 working days;
- 4bhk - 26 working days.

And applicable to the space installed by C2D-Concept2Designs only.

Design services will be provided by C2D-Concept2Designs shall start after receiving the booking confirmation from the finance team.

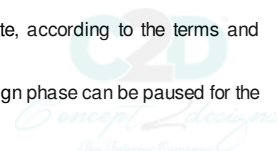

Exceeding design timelines: During exceeding design timelines, other than mentioned above, the client can avail of the extended services by paying 15,000/- INR per week.

There will be a 15 day extension period if the delay happens from C2D-Concept2Designs side.

When the extension period is over, the C2D-Concept2Designs designer will be available to help in selection, and monitoring at the site, according to the terms and conditions of the C2D-Concept2Designs.

Project on Pause: The design service days are counted, and if you want, you can pause design service days by dropping a mail. The design phase can be paused for the period of 60 days maximum.

1. Review and Revision of Designs

After the detailed consultation between the designer from C2D-Concept2Designs, and the client, the design proposal is prepared.

The client can ask for the revision of the designs and the design proposal within the design service days. The revision of the designs will trigger the consultation between the senior interior designer of the C2D-Concept2Designs along with the allocated designer, and the client. The recalculation of the timeline will be done and design service days without additional charges.

Change of designer: If the client is not happy with the designer allocated for the project, client can request a change of designer within 2 design discussion done by the previously allocated designer.

Change request and Cancellation policy.

C2D-Concept2Designs will not accept any change request post design sign-off by the client. If in any case, C2D-Concept2Designs accepts the change, then it shall result in the revision of the project's estimated cost, timeline, and value which will be agreed on by all parties in writing.

The detailed design presentations will be shared with the client via email only after receiving the production slot of 50% payment for sign-off.

Cancellation Policy: At C2D-Concept2Designs, 1.We See every order succeed , Client can wish to cancel there order within 24 working hours of booking payment before any on site visits and measurements are taken at site and avail a 100% Refund of Payment .

2. If Client wish to cancel the order during the design phase due to any reason ,the work shall be calculated on "design only services" category and services shall be evaluated at a rate of 90 rupees per sft + Taxes ,

If any Balance Payment ,client can avail any wood work of worth the same or can take refund of payment in 45 Days from the date of Cancellation agreed Mutually.

3.we see every order succeed. If the client would like to cancel the project after the design phase, 20% payment of the revised estimated cost to be paid for cancellation of the order, and all the details shall be then shared with the client.

2. Selection Visits.

Complementary material selection services is provided to the client for a period of 8 hours. The client can avail this extended service beyond 8 hours with an additional charges which are 500/- INR per hour.

3. Design meetings

C2D-Concept2Designs gives multiple number of design meeting and iterations and it depends on the project and its cost.

- For the project value that ranges:
6-10L, the allocated design meetings are 3 and design iterations are 2.
- For the project value that ranges:
10-15L, the allocated design meetings are 3, and design iterations are 3.
- For the project value that ranges:
15-25L, the allocated design meetings are 3, and design iterations are 4.
- For the project value that ranges:
25+L, the allocated design meetings are 4, and design iterations are 4

C2D-Concept2Designs will Provide 3D renders Rendered views as a complimentary to customer at no extra cost that is designed by C2D designer , Bathrooms ,utilities ,balconies are not included in complimentary renders.

As 3d renders are very time consuming ,more than one change request shall be charged at 1500 INR per image revision. Any renders that dont complimentary service , customer can request for the renders at a cost of 1500 INR per View.

Note : 3D renders are shared for a better visualisation of a design a ,client shall not refer that as a final document as 3ds can only match 90% of the design and 10% of colour and design variation are possible at site . for 100% design details , client must refer to only Design Signoff Document.

4. Copy Rights

All the design drawings, plans, and different reports, created by C2D-Concept2Designs are to be used for this project only. C2D-Concept2Designs holds the copyrights for details shared with the client. Without any written consent from C2D-Concept2Designs, the client holds no right to make changes in the project installed.

Replicating the plans, clicking pictures during the meetings (physical or virtual), or utilizing the plans shared by the C2D-Concept2Designs for business gains by the clients will not be entertained and considered as copyright infringement.

C2D-Concept2Designs shall have the right to take photoshoot and videoshoot of the projects done after the completion of projects.

C. Design change due to technical feasibility

The issues in design caused by the site condition, material change, and/or technical non-feasibility may result in design change. It is expected that the client should approve the design when it is brought to their notice by the project manager/designer in writing.

D. Material change

The client can make material changes, but they are allowed to make changes till the date of design sign-off. Changes made post 50% payment will acquire the cost of work already done and may result in an increased timeline.

The material can be changed after the client approval because of:

- Unavailability of the material (only if the earlier confirmation has been received)
- If the quality of the material (which was selected by the client) after the procurement change.
- The material quality provided by the vendor does not meet the quality standards of C2D-Concept2Designs.
- The client have to select the finishes and material from the C2D-Concept2Designs catalog only.

E. Vendors

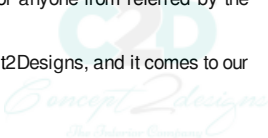

As each project is handled by multiple vendors, any work done by vendors from C2D-Concept2Designs, company shall hold the complete responsibility of work done under company policies and all payments will be settled with the company.

C2D-Concept2Designs shall not hold any responsibility for the work done, guarantee and timelines from the vendors hired from client end or anyone from referred by the employees of C2D-Concept2Designs.

Additionally, during the Guarantee/warranty period if you direct our maintenance team on the products, designs not made by the C2D-Concept2Designs, and it comes to our knowledge then client will be billed for the same. This price is not up for negotiation.

F. Material specifications

--	--	--

	Dry Area	Wet Area
Carcass	Commercial plywood or as per selection.	BWP ply for all base, and wall unit in the kitchen
		BWP ply for all base, and wall unit in the washroom
Shutter	Ply or as per selection	Ply or as per selection

Note:

Dry Area: All modular units in the living room, bedroom, kitchen wall, wardrobes, and dining.

Wet area: Kitchen base, Utility under sink unit, Vanity base, and wall units in the washroom.

G. Value-added services

- Removing debris from the site (300m radius) during the execution phase will only be done at once. If the client asks for more, then the client will have to pay the rendered value.
- Thorough cleaning of the floor will be done once before handover.
- It is advised to the client to lock all the washrooms except one for immediate usage. Washrooms will be cleaned before handover as it might be used by the installation team.
- Floor covering shall be provided at an additional cost of 8 INR per sq. ft.

H. Penalty for Delays and Quality issues

At C2D-Concept2Designs, when we commit to complete your home interior in 45 days/ 60days/ 90 working days, it means the execution time which starts after the design sign-off.

The delays caused by the Site Readiness, Payment delays, Client selection not completed, delay due to the client not accepting Quotation, delays caused by the Builder or by client vendor, or because of force majeure conditions will not be calculated in the delayed days.

C2D-Concept2Designs shall not be responsible for any delays which apply to rules or policies of apartment management/housing society/residential welfare association during the installation phase. The Force Majeure shall mean fire, flood, earthquake, windstorm or other natural disasters, epidemic, pandemic, Lockdown, the act of any sovereign power, or similar event being beyond the reasonable control of C2D-Concept2Designs.

Project handover timelines shall be provided considering standard working hours and as per the society rules. Any power cut during working hours in installation phase might delay the handover.

In case the delays happen due to C2D-Concept2Designs, the company shall pay 24,000 per month on a pro-rata basis and to the maximum of 5% of the project value for all the delays post-handover date. There will be 2 weeks of grace starts from the handover date.

The company is not liable to pay any other compensation other than the delay compensation stated above.

Point To Be Noted: Delay penalty is not applied, when any customer vendor like painters, granite/Tile installation, Plumbers team works in the project during Timelines given to customer by C2D-Concept2Designs.

Quality Assurance

Please note that C2D-Concept2Designs provides the highest quality work and work our best to give you a hassle-free experience. The client needs to understand that the nature of our service results in custom-based products and there is always a chance for a mistake even after our best care and precautions.

C2D-Concept2Designs takes the responsibility to provide our clients the desired product and services and will fix any error that occurs during manufacturing, dispatch, installation at the earliest.

Project Handover

The completion date is the date when the quality control team of C2D-Concept2Designs submits the final quality check certificate which is then sent to the client and C2D-Concept2Designs teams. This date may not be the handover date of the project.

General Provision

The company has provided all the services in a consistent manner with industry standards, and conformed to the requirement of terms, and conditions.

Warranty provided herein shall be null and void and C2D-Concept2Designs will not be liable in any manner if:

- The client refuses access to the premises where the service was provided and restricts the opportunity to inspect, correct.
- The client has breached the terms, and conditions in any manner, including but not limited to, failure to keep the products in good working condition.
- Not using suitable cleaning methods, unusual wear, tear, scratches due to mishandling.
- The product, furniture has been stored and used, altered improperly or in unsuitable conditions.
- Product stored or use in unfavourable conditions like in a humid environment or outside (unless stated otherwise).

The guarantee card or a legitimate confirmation of procurement/ Invoice should be appeared to profit the guarantee. When C2D-Concept2Designs fix the item, we use material of the same quality; cost and it will not go higher than the original product cost.

Note: Client should note that no two finishes from different batch production look the same and the probability to get the same material as used in the fixed product may slightly vary i.e., there may be changes in color, finish, and veneer of the fixed product.

Every piece of the furniture comes with different warranties and as C2D-Concept2Designs is into customized solution, the warranty may vary based on the final assembled product only.

All warranted items may have a guarantee card from the maker. The guarantee applies just to such explicit pieces of the product, and not to the complete installed product.

The hardware used by C2D-Concept2Designs comes with warranty from manufacturers and may vary from product to product and C2D-Concept2Designs passes the manufacturer's warranty to the client.

Warranty terms and conditions are fixed, non-debatable, non-transferable, and just advantages the first buyers of the product.

I. Quotation validation

The rates, quotes, and estimates are valid only for the period of 60 days, and they are subject to change post that period.

J. Customer Obligations

- The client must undertake the possession of the house, and the keys before the production of the goods start at C2D-Concept2Designs.
- Visiting the site during the installation process is strictly restricted due to safety reasons. If the client wants to visit due to unavoidable reasons then it must be with prior written information to C2D-Concept2Designs's team.
- No third-party vendors are allowed when C2D-Concept2Designs undertake the site to do the work.
- All non-modular items like décor, accessories, and furnishing shall only be selected from the C2D-Concept2Designs store.

C2D-Concept2Designs do not hold liable for the woodwork if the damage happens due to:

- Continues dampness and seepage due to water leakage.
- Wear, tear due to normal uses or misuse.
- The product has been dismantled or shifted by someone other than the C2D-Concept2Designs representative.

C2D-Concept2Designs holds the right to take the decision about the woodwork damage after thorough evaluation and its decision shall be final and binding to the client.

K. Point to Remember

Please note that C2D-Concept2Designs will first do a thorough evaluation of the damage that happens to woodwork and then do the repair to the defective and damaged woodwork as per its warranty. C2D-Concept2Designs will decide (on its sole discretion) whether the woodwork's damage is reversible or it needs replacement according to warranty policy and its decision shall be final and binding.

Please note that in a case scenario where the client needs to install a more valuable product than the client holds no right to claim or recover the additional value.

Third-party warranty

Here it is to clarify that if in case there is a conflict between C2D-Concept2Designs terms and conditions and third-party warranties then the third party warranties shall win through. However, please note that C2D-Concept2Designs does not provide (express or implied) any warranty in relation to third-party warranties and shall hold no liability whatsoever.

Maintenance services

From the date C2D-Concept2Designs hand over the project to the client, C2D-Concept2Designs will provide free maintenance service for the next 12 months. The client can avail of the maintenance services during that 1 year followed by handover only once. The C2D-Concept2Designs will do the repair, replacement as per the product warranty/guarantee policy.

L. Cancelation, and return policies
